

This figure displays a 2D grid of data points, likely representing a heatmap or a scatter plot. The horizontal axis (x-axis) and vertical axis (y-axis) both range from 10 to 210, with major tick marks labeled every 10 units. The grid consists of numerous small squares, each containing a symbol representing a data value. The symbols include various characters such as dots, crosses, and small circles. A prominent vertical arrow points downwards from the top edge of the grid area.
